May 9-11, 2019
Palm Springs, California

We are still in the planning stages but mark your calendars now for a joyful celebration of Fritz Smith's 90th birthday

and for ZBHA's 16th Annual Benefit. We will be gathering in Palm Springs, California (near Fritz's home) May 9th-11th, 2019, with the grand finale being a birthday dinner party on Saturday evening May 11th.

We will be celebrating at the fabulous [Miramonte Indian Wells Resort](#). Look for a follow up announcement very soon with more details and a direct link to use when registering to stay at the resort for the events.

Learning, laughing, celebrating, carrying on... as only a group of Zero Balancers can do it! Please plan to join us. Stay tuned for announcements and updates in your inbox and at zerobalancing.com

New England Regional Conference A Success!

Fifty-two Zero Balancers from five New England States (Rhode Island, Massachusetts, Vermont, New Hampshire, Maine) plus New York, Pennsylvania, and Georgia gathered for a day of advancing skills and community building on June 23, 2018 at the historical Westminster Institute in Westminster, Vermont. Five ZB faculty members (Michele Doucette, Amanda King, Ty Romijn, Tom Gentile and Lisa Berger) presented on topics providing expanded learning opportunities for our kinesthetic senses, body positioning and use, anatomical knowledge, focused attention, as well as from Chinese medicine theory and western cosmological models. Each presentation had a hands-on piece. We finished the day with an integrative ZB session swap.

Brand new ZBers, certification

Participants loved the diversity of offerings, the general energy and inspiration of the day, and the practical skills they learned. Many asked that it be repeated next year. Old friendships were rekindled, and new ones formed.

The Westminster Institute is a lovely historic brick building in the heart of the small Vermont village of Westminster, which happens to be adjacent to the home of our gracious local sponsor and site liaison, Diane Bazin. On Friday evening, we had an optional community potluck dinner and a spontaneous graduation ceremony for Corinne de Langavant, Amy Moses and Alison Mott, complete with the sun beaming onto the tables as the three newly certified ZBers received their transitional half moon vectors.

candidates, and long-time certified ZBers expressed excitement and gratitude and are looking forward to a yearly event.

Everyday Alchemy

Thanks to all who made it a very successful event at Everyday Alchemy, the 2018 Benefit held this past May. Over 70 students and teachers gathered for learning and fun at the Claggett Center near Frederick, Maryland May 4th-6th. Thanks to our stellar presenters **Jim McCormick, Linda Wobesky, David Laden, Michele Doucette and Judith Sullivan** for educating and entertaining Zero Balancers from all over the country.

Thank you to our hardworking faculty committee **Pat Dorsey, Helen LeClair and Verilee Herpich** who put together this event.

Next year we head west and will have our 16th annual Benefit in Palm Springs, California in conjunction with a 90th birthday party for Fritz Smith. (see article above)

"With ZB we have the opportunity to introduce a person to a deeper level of who they are. In doing so, we are introducing ourselves to a deeper level of who we are." David Laden, ZB Faculty

Faculty Committee members Verilee Herpich, Helen LeClair, Judith Sullivan and Pat Dorsey. Great job everyone!

"We hold the known and the unknown together when we do Zero Balancing." Michele Doucette, ZB Faculty

ZBI Approved for Nurses!

Zero Balancing has done it again! We are excited to now have approval for 30.5 CNE for Zero Balancing I through the American Holistic Nurses Association (AHNA). This approval covers registered nurses and nurse practitioners who have continuing education requirements for their licenses.

Receiving this approval is a major honor for ZBHA and an opportunity for yet another profession to learn about ZB, and share it with their patients! Visit our website, at the following link, to view Zero Balancing I calendar listings to find a class near
