

Zero Balancing - Geometry of Healing Advancing Skills Day / GEOMETRY SKILLS

COURSE TITLE: Geometry of Healing Advancing Skills Day

ABBREVIATION: GEOMETRY SKILLS

EDUCATIONAL CREDIT: 6.5 CEUs

COURSE LENGTH: 1 day

PREREQUISITE: Geometry of Healing

PRICE: \$150, Super Saver: \$100, Early: \$125, no repeat discount

COURSE DESCRIPTION:

Geometry of Healing Advancing Skills Day classes enhance the process of learning the concepts, skills and fulcrums taught in Geometry of Healing and also build community among ZB practitioners. Student questions shape the lessons, and the format includes presentations, demonstrations, touch feedback and session swaps.

Topics typically covered:

- The theories informing how we work directly with fields in Zero Balancing
- How to access, evaluate and obtain information from energy fields associated with the body
- Recognizing your own body signals as feedback tools
- The fulcrums taught in Geometry of Healing, including refinement of relevant Core ZB fulcrums
- About working with free standing wave forms, windows and the gap
- When to add these fulcrums to your ZB sessions
